MEMORANDUM FOR: Deputy Director for Operations  
FROM: Director of Central Intelligence  
SUBJECT: Briefings for Bert Wides

Tom Farmer called me on 9 March 1978. He requested that IOB staffer Bert Wides be given briefings on our covert action and clandestine collection programs. I told him that DDO would contact Wides directly on this. I would propose we give him the same types of briefings we give to the Congressional committees.
